

OUR MISSION

Hope Ranch of Missouri will create new realities for youth who have experienced trauma or have been unsuccessful in traditional educational settings.

We will provide an environment where they can learn healthy ways of living, appropriate ways of dealing with stress, and new ways of thinking.

We will teach them that the past does not define them: They have the power to choose who they want to be and the ability to create their own future.

We will give them a place to heal and to grow, to develop their self-worth, and to find value in becoming productive members of our community.
